Education

Franklin & Marshall College — **Lancaster, PA**
B.A. Economics & Mathematics | *GPA 3.92 / 4.00* | *Dean's Honor List* — *Expected May 2028*

- **Awards:** Solomon Wank Human Rights Award; Schapiro-Caldwell Summer Research Award.
- **Coursework:** Probability & Statistics, Data Science, Intermediate Micro- and Macroeconomics, Linear Algebra, Foreign Aid, Public Health.
- **Study abroad:** Bocconi University (IES Abroad), Milan, Spring 2027; Advanced Studies in England, Bath, UK, Fall 2024.

Professional Experience

Pennsylvania Workforce Development Board — **Harrisburg, PA**
Public Policy Research Intern — *Jan – May 2026*

- Helped finalize a $3.8M Industry Partnership grant, coordinating strategic reviews with Pennsylvania County Directors to align local workforce programs with state economic-development goals.
- Reached out to every Board committee to collect project updates and support needs; consolidated them into a year-long report on barriers and recommendations for the Board.
- Built R regression models on labor-retention and vocational-training data, turning results into recommendations for executive briefings.

Micelio Data Space — **Madrid, Spain (Remote)**
International Trade Intern — *Dec 2025 – Mar 2026*

- Sized a ~$17B data-infrastructure opportunity across emerging garment and electronics markets to inform expansion strategy.
- Distilled EU Digital Product Passport rules and Chinese data law into financial feasibility assessments for budget pitches.
- Delivered market-feasibility decks for Bangladesh, India, China and Turkey, mapping partnership opportunities in each market.

Nepal Rastra Bank (Central Bank of Nepal) — **Kathmandu, Nepal**
Monetary Policy Summer Analyst — *May – Jul 2025*

- Briefed executive leadership weekly, translating structural VAR model output into plain-language monetary policy recommendations.
- Led stakeholder outreach and synthesized public feedback that informed Nepal's Monetary Policy paper.
- Co-authored a peer-reviewed paper on 13 years of rate pass-through data; findings were cited in policy briefs to the Board.

Research Experience

Franklin & Marshall College — Undergraduate Researcher — **Lancaster, PA**
Three concurrent faculty projects, each with its own supervisor and deadlines, alongside a full course load — *Apr 2025 – Present*

- **Hackman Summer Scholar (environmental health):** Compiled oil and gas setback regulations for 1,200 Pennsylvania municipalities into an original dataset, mapped 223,000 wells, and published an interactive public map (PA-Well-Watch).
- **Political economy (co-author with Prof. Danish Khan):** Co-authoring a paper on debt bondage in Nepal; built a 2000–present panel from ILO, KNOMAD and national household-survey data.
- **Macroeconomics (Prof. David Brennan):** Built an R Shiny dashboard with a SQL back end covering 52 years of quarterly U.S. data for a paper under revision at the *Cambridge Journal of Economics*.
- **Publications:** one peer-reviewed article (*Economic Review of Nepal*, 2025) and two SSRN working papers.

Leadership & Activities

Economics Club, Franklin & Marshall College — **Lancaster, PA**
President — *Jan 2025 – Present*

- Led 20+ campus events in finance and environmental economics, coordinating with 13+ campus clubs and external partners.

Uunchai Summer Program — **Kathmandu, Nepal (Hybrid)**
Research Mentor — *Summers 2025 & 2026*

- Mentored 10 high-school students through six-week, deliverable-driven research projects on economic and policy issues in Nepal.
- Interviewed business owners, retailers and consumers on the ground to gauge bottled-water quality and market capacity; the resulting white paper assessed export expansion and the diplomatic barriers Nepali exporters face.
