Education

Franklin & Marshall College — B.A., Economics & Mathematics

Lancaster, PA

Aug 2024 – May 2028

Dean's Honor List

- **GPA:** 3.92 / 4.0. **Quantitative coursework:** Linear Algebra, Multivariable Calculus, Higher Mathematics Proofs, Probability & Statistics, Data Science, CS (Python, Java). **Planned senior sequence:** Real Analysis, Abstract Algebra, Econometrics, Differential Equations, Stochastic Processes.
- **Honors:** Solomon Wank Human Rights Award, Nolt Music Award, Schapiro-Caldwell Summer Award.

Study Abroad — Advanced Studies in England (Bath, UK); IES Abroad, Bocconi University (Milan, Italy, planned) Aug–Dec 2024 / Jan–May 2027

Research Experience

Political Economy Research Assistant

Lancaster, PA

Apr 2025 – Present

Franklin & Marshall College — with Prof. Danish Khan

- Co-authoring a labor and political-economy paper (targeting *World Development*) empirically testing an “accumulation–need frontier” theory of bonded labor in South Asia, using difference-in-differences and causal-inference methods on Nepal’s Haliya and Kamaiya communities (2000–present).
- Built SQL/Excel datasets from ILO, national statistics office, and base-report sources.

Institutional Economics Research Assistant

Lancaster, PA

May 2025 – Present

Franklin & Marshall College — with Prof. David Brennan

- Independently built an R Shiny dashboard visualizing 52 years (1973–2025) of quarterly U.S. macroeconomic data — GDP components and capital/profit-share series — for a paper on Marxian and Kaleckian profit frameworks under revision for the *Cambridge Journal of Economics*.

Monetary Policy Summer Analyst

Kathmandu, Nepal

May – Jul 2025

Central Bank of Nepal (Nepal Rastra Bank)

- Published peer-reviewed SVAR research in *Economic Review of Nepal* on policy-rate and reserve-ratio transmission to inflation and credit growth across 13 years of data; findings informed Nepal’s 2024 Monetary Policy deliberations.
- Delivered weekly econometric briefings to executive leadership; co-authored with Assistant Director Aditya Pokhrel using Stata and SPSS.

International Economics Researcher

Massachusetts, USA (Remote)

May – Aug 2025

Lumiere Education

- Researched global oil-price shocks and Nepal’s foreign-exchange reserves using VAR modeling; co-authored a resulting SSRN working paper with a University of Pittsburgh PhD candidate; presented to 200+ scholars at an international symposium.

Public Policy Research Intern

Harrisburg, PA

Jan – May 2026

Pennsylvania Workforce Development Board

- Facilitated finalization of a \$3.8M Industry Partnership grant; built R regression models on labor-retention and vocational-training data for executive quarterly briefings.

Health Data Research Assistant

Lancaster, PA

Summer 2026

F&M — Hackman Summer Scholars Program

- Independent study on PA oil & gas drilling (2000–2023); compiled setback-regulation data across 1,200+ municipalities and published an interactive geospatial visualization (“PA-Well-Watch”) to GitHub Pages using R.

Publications & Working Papers

Pokhrel, A., & Upreti, S. (2025). “Monetary Policy Pass Through Considering Reserve Ratio and Policy Rate in Nepal: An Empirical Gaze Using SVAR Analysis.” *Peer-Reviewed*

Economic Review of Nepal, 8(1), 34–52.

Upreti, S. (2025). “The Impact of Global Oil Price Shocks on Nepal’s Foreign Exchange Reserves and Inflation.” *Working Paper*

SSRN Working Paper Series.

Upreti, S., & Goncalves, L. (2026). “When AI Teaches Economics: How Dataset Constraints and Prompts Shape Pedagogical Quality.” *Working Paper*

SSRN Working Paper Series.

“Debt Bondage as an Accumulation–Need Frontier: Evidence from Nepal” — with F&M Faculty (Political Economy). *In Progress*

Targeting a political-economy journal.

“Natural-Gas Well Proximity and Lung-Disease Prevalence in Pennsylvania” — with F&M & Penn State Faculty. *In Progress*

Preliminary data collection and econometric modeling.

Additional Experience

International Trade Intern

Madrid, Spain (Remote)

Dec 2025 – Mar 2026

Micelio Data Space

- Researched data infrastructure across ~\$17B emerging garment and electronics markets; synthesized international data regulations (EU Digital Product Passport, China’s data law) to support budget pitching.

Research Mentor

Kathmandu, Nepal (Hybrid)

Summer 2025 & 2026

Uunchai Summer Program

- Mentored 10 high-school researchers through a six-week field-research project on Nepal’s bottled-water market; co-produced a white policy paper on export expansion.

Skills & Tools

- **Programming & Data:** R (tidyverse, Shiny, ggplot2), Python (pandas, statsmodels), SQL, Stata, SPSS, Excel (Advanced), Git.
- **Econometric Methods:** SVAR, VAR, Granger causality, panel regression, difference-in-differences, causal inference, impulse-response analysis.
- **Datasets:** U.S. Census, BLS, BEA, World Bank, Nepal Rastra Bank, ILO, KNOMAD, PASDA, NLSS.
- **Certifications:** CITI Research Ethics, Elsevier AI in Research, PA State Responsible Conduct.
- **Languages:** English (fluent), Nepali, Hindi, Urdu, Bangla.

Leadership & Service

President, Economics Club

Lancaster, PA

Jan 2024 – Present

Franklin & Marshall College

- Led 20+ campus events on finance and environmental economics; coordinated with 13+ campus clubs and external partners.
